Regulations, Orders, Notifications, Rules, etc. issued by the
Governor, Heads of Departments and High Court

ENERGY DEPARTMENT

NOTIFICATION

The 27th December 2016

No. 9539—BT(ED)-01/2016-En.—In pursuance of sub-section (1) of Section 3 of the Odisha Electricity (Duty) Act, 1961 and in supersession of the Notification No. 8309-BT(ED)-02/2015-En., dated the 1st October 2015, issued by the Government of Odisha in the department of Energy and published in the extraordinary issue of the *Odisha Gazette* No. 1387, dated the 1st October 2015, the State Government do hereby specify the rates as mentioned in Column (3) of the schedule below at which electricity duty shall be levied and paid to the State Government on the energy consumed by the category of consumers or for the category of consumption as specified in Column (2) thereof with effect from the 5th November 2016 :—

SCHEDULE

Sl. No.	Category of Consumer or Consumption	Rate of Electricity Duty
(1)	(2)	(3)
1	Irrigation pumping and agriculture for all supply voltage	2 % of the energy charge
2	L.T. non-industrial category	4 % of the energy charge
3	Small scale industry (L.T. Industrial Supply)	5 % of the energy charge
4	L.T. industrial category (Excluding Small Scale Industry)	8 % of the energy charge
5	H. T. category	8 % of the energy charge
6	E.H.T. category	9 % of the energy charge
7	Any person not being a licensee who generates energy for his own use or consumption.	30 paise per unit

(1)	(2)	(3) p
8	A licensee in its own premises	30 Paise per unit
9	Public water works and sewerage pumping and railway traction.	Nil
10	Open access power (other than captive power) or power supplied by special agreement or power supplied free of cost by the licensee.	Same as it would have availed power from licensee.

Explanation—For the purpose of removal of ambiguity and for better clarification :—

- (i) Irrigation pumping and agriculture for all supply voltage means all the consumers availing power supply for pumping of water in lift irrigation, flow irrigation and for lifting of water from wells, nallahs, streams, ponds, dug wells exclusively for agricultural purposes at all supply voltages.
- (ii) Low tension non-industrial category means all the consumers like domestic, general purpose, streetlighting, public institution etc. availing power supply at voltage less than and including 650 volt for their own use except for industrial purpose and excluding category (i) above.
- (iii) Small scale industry (Low tension industrial supply) means all the consumers availing power supply for industrial purpose with contract demand below 22 KVA at voltage less than and including 650 volt.
- (iv) Low tension industrial category means all the consumers availing power supply at voltage less than and including 650 volt for their own Industrial use excluding small scale industry.
- (v) High tension category means all the consumers availing power supply at high voltage above 650 volt, up to and including 33,000 volt for their own use and excluding category (i) above.
- (vi) Extra high tension category means all the consumers availing power supply at extra high voltage above 33,000 volts for their own use.
- (vii) Open access power or power supplied by special agreement means power through open access (other than captive power) or power supplied by special agreement between the licensee and the consumer approved by the Odisha Electricity Regulatory Commission.

By order of the Governor

RAJESH VERMA

Principal Secretary to Government
